Matatoki Hereford, 61 Howells Rd, Maungati RD 2, Timaru 7972

VISITORS ALWAYS WELCOME

Directions to 61 Howells Road, Maungati:

From Cave: Travel 11 km along Pareora Cave Rd and Pareora Gorge Rd. At the monument turn right onto Limestone Rd and travel 7km to meet Howells Rd. We are first on the left.

From Timaru: Turn onto Beaconsfield Rd at Salt Water Creek travel out to Holme Station Bridge. Once over the bridge turn right into Pareora River Rd, take first left onto Craigmore Valley Rd. Travel past the golf course and turn right into Timaunga Rd. Stay on Timaunga Rd past the Maungati hall, go up the hill and take left onto Howells Rd. We are first on the left.

Bull-walk Tuesday 24th May

We realise that physical inspection is vital in beef bull purchase decisions so please do come along on the South Canterbury Bull walk on Tuesday May 24th or anytime by arrangement.

BULLS TO BE SOLD VIA ONLINE HELMSMAN AUCTION SYSTEM ON www.yourbid.co.nz

We will be using Yourbid, an innovative and locally produced platform developed by renowned genetics providers Giddings family.

Auction participants will be able to bid directly or have their normal stock agent participate on their behalf in the same way as the other sales methods available in the marketplace.

Full assistance will be given on the bullwalk day to show how easy it is to sign up for yourbid , or see the outline in this catalogue.

Something to think about....

Farm inflation is through the roof. Can you afford to pay more than necessary for your bull purchase? A Helmsman auction is the most rational bull purchase system available in the market, in which ALL bulls are available for sale concurrently. Potential purchasers will be able to make comparisons and rational decisions based on the merits of the bulls and their purchasing budget.

An online Helmsman is even better! You have complete control over your bidding across multiple bull options and have a full day to observe the sale online and choose accordingly. The full day gives the buyer time to resolve any internet connectivity issues. The buyer is not restricted in their choice by the order in which the bulls are presented and is not subject to unnecessary hype.

Furthermore in these covid conscious times the ability or desire to attend sales amongst large indoor crowds can be problematic and subject to Government interference. With this system you can view the bulls outside in the paddock on the South Canterbury bullwalk day and decide on your strategy and then participate at your leisure at home.

Auction: Tuesday 24th May 9.00am - Wednesday 25th May, 9:00pm. www.yourbid.co.nz

Breeding Better Business

As part of New Zealand's largest Livestock network, our team of Genetics Specialists have more contacts, more reach and more market influence.

We provide more practical advice and more technical expertise. And, with the country's largest network and most popular sales events, we bring together more buyers and more sellers, delivering more value for all.

If you're looking for a planned approach to success, give us a call today.

The Breeding Program at Matatoki Hereford

We established the stud in Matatoki at the gateway to the Coromandel Peninsula in 2006 with a small amount of females purchased from dispersals and other opportunities. Since then we relocated to Maungati in 2008, 32k inland from Timaru and have steadily increased the herd numbers every year that sees us calving 200 registered females this year along with a commercial crossbred herd of 30.

We have attempted to increase our herd quantity without compromising quality and have taken our time to primarily grow the herd through natural increase. Influential sires purchased have been Limehills Cracker 9373, Monymusk Grenade 110114, Matariki 120087, and Kairuru Major 555. This year we have sale bulls sired via AI from Limehills Streaker and Wirruna Matty288 -two of the highest IMF bulls in the Hereford breed

We are a closed herd with only stud bull purchases / AI as an exception, all bulls fully recorded and registered, BVD tested clear, and vaccinated, 7 in 1 vaccinated, TB C10, and fully NAIT compliant. All sale bulls are scanned for carcase traits, 100k SNP tested for greater EBV accuracy, sire verification and screening for genetic defects and semen tested for fertility. All sale bulls have been structurally assessed by Bill and Judy Austin.

REFERENCE SIRES

	CE	BW	200	400	600	MatCow	Milk	SS	DTC	CW	EMA	RIB	RUMP	IMF

Free 14 day insurance is available from the point of sale with FMG. See details in their advert at the back of the catalogue.

Video footage of the bulls are available to see on the sale page on www.yourbid.co.nz and will feature on our facebook page. Full EBVs and pedigrees online at www.herefords.co.nz, go to sales catalogues.

Please note the EBVs stated at time of printing this paper catalogue do not include the results of the carcass scanning which occurred on March 29th. Unfortunately due to a processing error the data missed the April group run for Breedplan. However updated EBVs will be available from May 20, online at www.herefords.co.nz and on the bull walk day that are fully inclusive of all scanned data.

Premier Bull cover

What is Premier Bull cover?

All bulls auctioned at this sale up to the value of \$50,000 will automatically be covered under FMG's Premier Bull cover for 14 days at no cost to the purchaser.

Length of cover

To extend cover for the specified bull beyond 14 days you need to tick Premier Bull cover 12 months on the Purchaser Instruction and Insurance Slip in this catalogue. The specified bull is then covered for the remaining period of 12 months. The premium is payable to FMG and is in addition to the purchase price of the bull.

If you require an alternative cover period talk to an FMG representative.

Your bull's value

Any bull covered under this policy must be purchased for \$50,000 or less. For any bull purchased over \$50,000 talk to an FMG representative.

During the period of insurance, the specified animal is covered for:

- Death or infertility as a result of accident, disease or illness.
- Transit.
- Theft.

What we will pay

Fair market value of your specified bull, less any amount you receive for the sale of the carcass, up to the amount shown on the insurance certificate.

Purchaser Instruction and Insurance Slip

This slip MUST be completed and handed to the Booking Clerk before leaving the sale.

Disclaimer

Please note this is only a summary of the product and is subject to our specific product documentation. For full details, you should refer to the policy document. You can get these documents, and any other information you need, from your FMG representative, by calling us or visiting our website.

YOU CAN RELY ON FMG TO STAND BY YOU. LITERALLY.

A bull is a big investment. Which is why FMG is right there with you to ensure you get the very best cover on sale day, and the best service every day after that. That's because we understand livestock insurance as much as we understand the importance of personal service. So talk to your FMG Rural Manager about FMG Premier Bull Sales cover. All bulls sold at auction up to \$50,000 can be covered for 6.5% of the purchase price and those sold at FMG Premier Bull Sales are insured at the fall of the hammer for 14 days free.* To find out more, call us on 0800 366 466 or visit fmg.co.nz/bulls

* Subject to standard underwriting criteria. Please note this is only a summary of FMG products and services and is subject to our specific product documentation. For full details, refer to the relevant policy wordings at fmg.co.nz

We're here for the good of the country.
